

MidYIS Testing

Time and Location: Tuesday 21st – Wednesday 22nd LSLT

During the first term of every year, Year 9 boys sit a series of tests called MidYIS. This year, Year 7 will also be sitting the tests.

The MidYIS test for Year 7 and 9 measures developed ability, in other words your son’s underlying learning potential, rather than achievement based on the curriculum for students aged 11-14 (as PATs do). MidYIS offers us a baseline assessment and helps us to predict how your son is likely to do in the Senior School so we can make sure he is progressing as expected. MidYIS results are also used to identify the academically gifted.

Here is the timetable for the testing. Any boy who is absent from a session will have the opportunity to catch up in the Lesley Shelly Lecture Theatre at a later date to be confirmed.
