

Digital Acceptable Use Agreement for Students of Scots College:

(please complete one per student)

- I acknowledge that, without a signed DIGITAL Acceptable Use Agreement, I will not be given access to the College's network.
- I acknowledge that by connecting my personal device(s) to the College's network, or while using College devices and/or resources, I will abide by the following conditions:

- I will not share my password
- I will not log onto others' devices with my credentials, whether they are associated with Scots College or not
- I will log out of College-provided devices when I am finished using them
- I will use the provided software, cloud and network storage and other such technologies for completing school work only
- I confirm that none of my devices contains material that could be considered objectionable or deemed inappropriate.
- I will not use the network or my devices in a manner that is harmful to the well-being of staff or students, interfere with other users' work or that is disruptive nor damaging to College resources.
- I will not intentionally access, store or distribute material that is objectionable, pornographic, or otherwise unsuitable. I understand that to do so may result in suspension or termination of access privileges and, in extreme cases, the authorities may be informed.
- I will not illegally access, download and/or store content (such as but not limited to images, music, movies, software or inappropriate material) through the use of VPN's, peer-to-peer services or any other method. I understand transmission of any material in violation of any New Zealand law is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material or material protected by trade secret. These activities are strictly forbidden, and severe consequences could follow the breach of this policy.
- I will be personally liable for any breach of copyright, intellectual property and/or other such rights through the College's network.
- I will not use the Scots College network for personal financial gain
- I will not knowingly introduce viruses, malware, spam or other such disruptive technologies to the College's network.
- In the event of my device containing and distributing either a virus, malware, spam or other rogue application that causes disruption or loss of service to the Scots College network, I may be liable for some or all of any repair costs incurred.
- I understand that Internet security will NOT be covered by connection to the Wireless Network and that I will be protected only by my personal security software (eg anti-virus, firewall, etc).
- I confirm that Scots College will NOT be liable for any damage to hardware or corruption of software caused by connection of my wireless device to the Wireless Network. Nor is the School responsible for insurance of my wireless device. Repairs are attempted in good faith and the college does not accept responsibility for any damages or hardware failure.
- I understand that Scots College reserves the right to monitor all internet, email and storage activity through the network and associated, required technologies (such as, but not restricted to Linewize and/or MobileZone) at any time and the Headmaster, Principals and/or IT Staff may suspend or terminate my computer use privileges if I violate any conditions or other acceptable use practices, and further disciplinary action may be taken.
- Scots College reserves the right to refuse connection to the Wireless Network for any reason.

I will abide by these conditions.
